About the quality of goods found at the large drug and book house of Saur & Balsley, but it is done for your good and the good of your family, if you have any. Too much cannot be said of anything that is good and a public benefit, therefore too much cannot be said in favor of this house, which has proved itself for years a public benefactor and helper in time of sickness and distress, and when in need of goods which go to brighten and make comfortable your homes.

The store of Saur & Balsley has become almost a by word in every home in this and adjoining counties, and their reputation is known far and near. This has been built up during a business course which has been in operation for over a quarter of a century in Napoleon, which has not only been successful in every way, but a marvel of prosperity from a business point of view. This enviable record has not only been made to redound to the benefit of the proprietors but they share it with their customers, by selling them goods at the lowest possible prices.

The finest line of toilet articles in this part of the state can be found at the store of Saur & Balsley. Soaps, perfumes, brushes, combs, and every article known to the toilet. Fancy stationery in endless variety, and all supplies for town and country schools, such as books, pads, pencils, slates, etc.

Their drugs are fresh and pure, their medicines of the best concoctions in the market, and intended for both man and beast. The human system at this season of the year not only needs attention, but also the system of your stock. Look after the welfare of your stock as well as the welfare of yourself.

The wall paper department of this house is the most complete in this section of the State. As is also their paint and oil department. As this is the season of the year to brush up and brighten the appearance of your homes, you can do no better than by selecting your supplies at the store of Saur & Balsley. A fine line of window shades and decorations.

And if there is any one thing above another in which this firm prides itself, it is in their assortment of paints, oils and varnishes. They handle none but the best brands in the market, and when they sell you a supply, you can rely upon it that the goods are the best. Their paints and oils have given the best of satisfaction for a long series of years; they have been tested and not found wanting. When in need of paints and supplies, call on Saur & Balsley, Napoleon, O.

MEYER KNOWS HOW!

He Tells People What he is Doing and They Come to Him from Everywhere.

There is scarcely a person in this locality but that has heard of "Meyer, the clothing man." His name and fame has reached every home. Everybody knows him, but they know his business better. The secret of his success is endless advertising, and you never see his name out of the paper. People come from the remote corners of the county, and other counties, to buy clothing of Meyer. They know him from seeing his name and business in the paper, in short they have heard of him. Some business men are afraid the public will find out what they are doing, but Meyer is not that kind; he wants them to know all about his business, for he knows from experience that it pays. His enormous sales tell the whole story. Don't fail to see Meyer, the clothier.
